

Southern New England Scrollers meeting notes for July 10, 2022

Six (6) people attended the meeting, and we had a lively discussion regarding various rodents, including mice, chipmunks, ground hogs (woodchucks), and perhaps others that I do not remember at this time. After solving those issues, and since we could not solve the rest of the world's problems, we went on to show & tell. I brought some compound cut lighthouse ornaments. John W. brought an interesting compound cut ornament that had an eagle on 2 faces and had a buffalo on the other 2 faces. Some tricky cutting was involved in that one! Great job John. Maurile brought 2 beautiful intarsia projects; a teddy bear and a butterfly. Please check them out on the club website.

The business portion of the meeting centered on the transfer of coordinator duties from me to Steve Ryan. I have added Steve to the editors list on our website, and will be helping him get all of the information he needs to take over as coordinator. I expect it will take time for him to get familiar with the website and setting up the mailing list, but I am sure he will do a great job when he is able to assume the duties. I sincerely thank him for volunteering to do the job. He already has some great ideas for future club activities, but I will leave the details for him to present when he decides it is appropriate. Please give Steve all the support you can during this transition.

I again am requesting any suggestions for future gatherings and/or facility tours in the coming months. We have done a tour of the Granville drum museum and had a combination party & dinner at the restaurant in Plainville, but have not done anything since the covid lockdowns. Perhaps someone has a suggestion for an activity that might attract many of our club members. If so, please let me or Steve know and we will get the suggestions out to the membership.

I hope everyone has a safe and happy summer, and hope to see many of you at **our next meeting, September 11, 2022, 1-3PM, at the Woodcraft store in Manchester.**

Arnie
